Taylor Republican Club (TRC)

While the TRC is "Taylor MI centric" it is open to any and all Conservatives / Republicans.

Each month the TRC invites an Speaker to speak on or to Political issues.

The TRC meets monthly on the 2nd Friday of each month, with the exception of the months of May, July, and August. TRC used to meet at the Denny's on Eureka Road in Taylor, but due to WuhanVirus Lockdown and Restrictions on Businesses by Michigan Governor Whitmer, has had to find new meeting locations these past few months. Feb TRC met at Logan's Steakhouse in Southgate, March (and will again in April*) at Leon's on Telegraph Rd (north bound side, just north of Wick Rd) in Taylor, but it is yet to be determined which location may become the new, or may be able to return to the Denny's soon for, long-term and predictable/reliable/on-going meeting location. To be placed on the TRC email notifications list, to remain up to date with announcements of each months meeting location email Chair Mary Vaughn at: romavon@aol.com.

An Assembly is as good as its members. WE would love to have your participation.
Please invite others to join, LET'S ROLL.

* Due to scheduling conflicts, April meeting will be Apr. 30 rather than regular 2nd Friday.

Election Integrity Network (Tami Carlone (MRP Coalitions Vice-Chair))

Announcing the Michigan Election Integrity Network!

What does a state-wide elected party leader that is a CPA and Process Improvement Expert do to help with the most critical issue facing us? She builds a Network that everybody working on Election Integrity issues in the state can join, so we can all be more efficient and effective in our work! The Network will work to define and meet state-wide goals. The goals will be a stated list of holes in our election system that must be filled. We will work to make sure somebody is addressing each issue. If you are working on an election integrity initiative, I encourage you to sign up to take part in this Network. All you have to do is send me your group name (if applicable), and the lead person's name, cell, email, county and city. All of this, plus a brief description of the effort, can be e-mailed to TamaraCPA@outlook.com.

The Network already has about 50 members, many of which are groups. This is a great sign as it is only a few weeks old. This should give Republicans in our state hope to know we have so many people that are NOT letting this issue go! NONE of us should let this issue go and we should all be working on this.

The Network also has a separate list of people that have stepped up to help as needed. This is called the Election Integrity (EI) Army. Groups and people that are working on EI initiatives will need a lot of help over the next two years. As one of the goals of the Network is to find synergies and efficiencies among the various EI efforts, this is just one way to achieve that goal. I encourage everybody to sign up right away as 2022 will be here in the blink of an eye and we have no time to waste. To sign up to be part of the EI Army, to be called upon to help EI initiatives, please e-mail me at TamaraCPA@outlook.com. I must have your name, cell, email, county, and city. If you have any special skills to bring to the table, please mention those as well. You can also help by sending other people my way.

23, D/DH-RC, DRGO, more... Sadly, we have lost so many...

I had reached out to so many organizations while in the process of putting this Edition together and discovered a few had officially **DISBANDED** and still others (down Monroe County way, and upper Wayne County, as well as Washtenaw County) that I just never heard anything back from (they too may be gone) or just did not have sufficient information to include here-in. We lost **DOWNRIVER REPUBLICAN GRASSROOTS ORGANIZATION** (Trenton MI, founded way back in the 1980's) many years back, which my reminiscing the other day about them and wondering what I could have possibly done to help prevent it is impetus to creating this Edition. Sadly too, it was reported back, that the **23REPUBLICANCLUB** (Washtenaw County ("23" in reference to US23 Ann Arbor area)) went under in 2012. The **Dearborn / Dearborn Heights R.C.**, just recently officially disbanded its PAC operation/function and is still in the process of contemplating how to move forward, if it moves forward at all.

I was hoping to help Club's, to build up, as sadly the State Party provides no recognition and/or assistance.

Not everyone can serve on an Official GOP Committee (there are only so many positions), nor attend all such meetings. GOP Clubs provide a great GRASSROOTS extension to the Party and opportunity for additional involvement and sources of information, activities, to help involve the Base - especially new folks to get their feet wet before potentially deciding to take the step to becoming an Official GOP Precinct Delegate (as discussed in W12NLv2021-2: <http://tinyurl.com/W12Newsletter2021-2>) and we should support their efforts.

What's scheduled for next general Newsletter – July: 2 COR 7:14 and Elections, TEA Party resurgence?, PLE30, more!

Let's Fix Stuff organization (Founder: Patrick Colbeck)

We live in an era where the dystopian worlds of George Orwell's 1984 or Hunger Games read more and more like non-fiction rather than fiction with each passing day.

Fake news isn't simply a hashtag. It is real. It happens every day.

Once well-respected media outlets are now simply nothing more than propaganda outlets.

Even the idea of absolute truth itself is being brought into question as people of influence push the notion that everyone experiences their own truth.

This perspective is eerily aligned with dystopian societies pushing the notion that $2 + 2 = 5$.

Insidiously, there are even organizations masquerading as ministries of truth that push at best half truths and worst deliberate lies.

Big tech uses so-called "fact checkers" with political agendas to silence narratives under false claims of "violating community standards".

Rarely do they ever specify how a post or comment has violated any standard.

Our society is being polarized because truth is being polarized.

We can't allow this to happen. We need to make sure that we are all allowed to express our views.

Our mission at Let's Fix Stuff is to share real news, real data, and real solutions that are increasingly being scrubbed from the public square by big tech and big government.

We give this content a home.

We go beyond broadcasting the news stories that too few will share.

We go beyond broadcasting news about all of the problems we face.

What makes us truly unique is that we promote solutions.

We promote these solutions in a way that allows each of us to connect these solutions with society's problem.

Instead of a home improvement network, we provide a media channel for societal improvement.

With your support, we will provide a media channel that is not afraid to say that $2+2=4$.

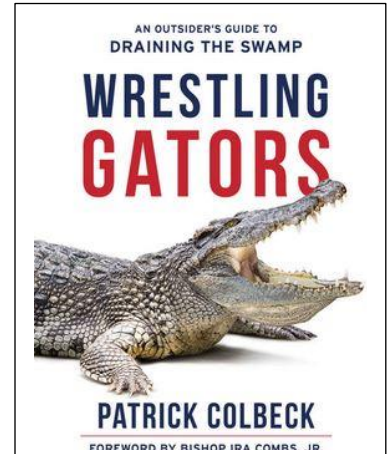

With the truth as our foundation, we will promote solutions that seek the best interests of all of us.

So spread the word.

LetsFixStuff.org is the media channel we have all been waiting for.

The truth is indeed out there...and we are its home. (source: <http://letsfixstuff.org>)

Northville Republicans Club (NRC)

Who We Are:

Residents and former residents of Northville and the surrounding area who formed a 501(c)(4) social welfare organization, with two goals:

- * Developing and advocating for legislation, regulations, and government programs to improve the liberty, freedom, and well-being of all citizens and stimulate the economy.
- * Conducting research about and publicizing the positions of elected officials concerning these issues.
- * We have united together in the common goal of preventing and rolling back the ever-increasing reach of government.

What We Believe:

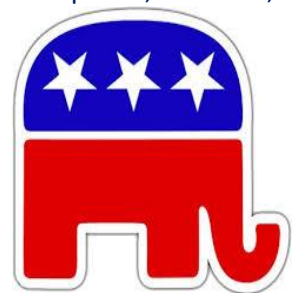

- * The strength of our nation lies with the individual and that each person's dignity, freedom, ability, and responsibility must be honored.
- * Free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth, and prosperity.
- * The government must practice fiscal responsibility and allow individuals to keep more of the money they earn.
- * The proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations, and that the best government is that which governs least.
- * The most effective, responsible, and responsive government is government closest to the people.
- * Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.
- * Americans value and should preserve our national strength and pride while working to extend peace, freedom, and human rights throughout the world.

Election Integrity Network (Continued from page 2)

The Network is NOT to replace or to take over anything anybody is doing. No way! We need everybody focused and working hard. It is to enhance all efforts in Michigan. In addition to the above stated goals, the Network will be a “place” to communicate and coordinate, learn, get and provide encouragement, and to share resources.

Please watch the Michigan Conservative Union website for registration information for MI CPAC. This annual conference will be held in Lansing on April 16 and 17 this year and it is a MUST attend. The ticket prices are low to enable people to come despite this crazy year MI has had. We will have an Election Integrity workshop on Friday.

Everybody in the Network is especially encouraged to attend to learn and to network. Friday after the workshop we will have plenty of time to socialize and to build relationships. Saturday, we are covering some critical issues facing our state and nation, such as education. The Republican Party has basically signed its SUICIDE NOTE by allowing our children to be indoctrinated by the left for generations. We now have a population that hates America and is now being taught to hate white people too. Folks – this is a NATIONAL SECURITY THREAT.

Matt DiPerno will speak on Saturday about the Antrim County case he is working on, and I will talk about the Network. We will take questions after we speak. I am the person that crunched the numbers AFTER the obvious “errors” from the Dominion machines were fixed. I told Antrim County conservative leadership that they MUST push hard for an independent forensic audit as there is NO way their numbers are accurate. Up to that point – nothing was moving.

Antrim was one of three counties I did a statistical analysis of. They are a good example to use because they are small, and they are a consistent Republican majority county. I did Wayne County as they have kept me from the State Board of Education in 2020 and in 2018, after winning the rest of the state by far on election day. Some of you may recall my doing a statistical analysis of Wayne County in 2018 and presenting proof of election fraud to the Wayne Board of Canvassers and asking them to NOT CERTIFY the election results. They went right ahead and certified without even hearing me out. I did Oakland County as I lived there for 30 years and have watched it go from a Republican Powerhouse to the Democrats nudging us right out. I encourage all county leadership in MI to crunch their county election numbers and to also conduct a comparative year’s analysis.

- So – was there fraud and were election laws violated? 100% YES! There was in 2018 as well. 100%
- What must we each do about it? TAKE ACTION! The time to look to others to fix things is over...obviously.
- What about elected officials that are ignoring We the People and all the proof? We all need to push like hell until they feel enough political pain to do the right thing. We need to oust them, and we need to find and seriously support true principled conservative candidates. Do we want to spend resources or lose our country?
- Am I including elected officials in the Network? I have invited the Representative and Senator that is Chairing the Election Integrity efforts in the MI House and Senate – Ann Bollin and Ruth Johnson. Representative Julie Alexander is also doing critical work in the MI House and she reached out to me on her own. The effort she is putting forward is great and she is in the Network. I encourage you to check out the letter she sent to the MI Auditor General.

I hear from Republicans all over MI every single day. I have told the state party, and some elected officials, that something big must happen and soon, to restore the hope Republicans have in our party and in our legislature. State Party is working on Election Integrity as well.

If you want to do something right this moment to help with Election Integrity – sign up with me as per above and help the Antrim case by donating on the lawyer’s website: <https://www.depernolaw.com/>. We all know doing what it takes to get things back on track is going to take a ton of money and all hands-on deck, for a long time period.

CAN WE COUNT ON YOU?

Election Integrity Network (Continued from page 5)

Tamara Diane Swinson-Carlone, CPA (aka Tami Carlone) Bio

As a Corporate CPA, Business Owner, and Process Improvement Expert of 30 years, Tami has helped many large corporations operate more efficiently and effectively. She has a degree in Business Administration from the University of Michigan. Tami has forensic audit experience and was called "The Fraud Queen" when she worked for the IRS. The Criminal Investigation Division heavily recruited Tami due to her innate ability to detect fraud. Her efforts put many people behind bars.

In her 20 years of activism, she has led efforts on the national, state, and local levels to return our schools to truth and excellence, including co-authoring a bill to get Michigan out of Common Core, speaking to groups all over Michigan, and serving on the boards of Michigan Parents Involved in Education and Stop Common Core in Michigan. She has also been an active member of the Truth in American Education network, and edited and endorsed the book, "Changing the Course of Failure: How Schools & Parents Can Help Low-Achieving Students."

For the last 10 years, Tami has been extremely active in the Michigan Republican party, serving as a National, State and Local Delegate, and earning overwhelming support as our State Board of Education Candidate in 2020 and 2018. She has served on the Oakland County Republican Party Executive Committee, and as Treasurer of Michigan Conservative Coalition and Michigan Conservative Union. She worked tirelessly to get President Trump elected after serving as a National Delegate in 2016 and was on the Michigan Women for Trump Leadership Team. Tami has helped organize several conservative conferences, enjoys spreading the truth about our party platform, and has recruited and trained hundreds of Precinct Delegates.

In early 2021, Tami created the Michigan Election Integrity Network, and was elected by an overwhelming margin by the Michigan Delegation to serve as the Michigan Republican Party Coalitions Vice Chair. Tami is a Daughter of the American Revolution and is passionate about her service to our state and country. Tami is a proud Mom of Andrew and Kaleigh, who have graduated from the University of Michigan and are a Biomedical Engineer and a Neuroscientist.

The 2020 election cycle was like no other. Engineered chaos was used to control outcomes. There are organizations hard at work exploiting the weaknesses of our electoral process:

Actively promoting the registration and mobilization of unqualified voters, harvesting mail-in ballots that have been fraudulently collected, lobbying for same-day voter registration, non-citizen voting, no voter ID requirements, no signature verification, and fighting against cleaning the voter rolls.

Additionally, we face new forces in the form of social media monoliths like Twitter and Facebook, who have announced intentions to actively push their political agendas.

Your generous support allows us to continue working on behalf of all citizens to defend election integrity. We appreciate you!

EveryBLM (EBLM)

(the common-sense, Conservative, alternative to the #BlackLyingMarxists sham)

Neil Mammon (Co-founder EveryBLM) writes..

The Pro-life Movement and Black Lives Matter?

Ever since Black Lives Matter came on the scene, many of our cities, corporations, and even churches and Christians have jumped on the BLM bandwagon. With the "Silence is Violence" campaign, those who are not black, are compelled to give BLM lip service because if they don't, they are attacked as racists. Yet, anyone who has been reading BLM's principles or listening to BLM's founders, realizes that their goals and purposes of BLM are pro-abortion, atheistic, Marxist, and anti-family.

But is there an alternative? Is there a way not to be tagged as a racist?

What if, in any engagement with a BLM protester, you could up the ante and show them that you care more about black communities than they do? Today, you have that opportunity with a new organization called **Every** Black Life Matters, founded by executives from the Frederick Douglass Foundation.

EBLM uses the concept of Aikido, that is rather than block an opponent and absorb their force, you redirect their energy. So rather than arguing against them, EBLM focuses on solving what is plaguing black communities. They then invite BLMers to join them to fight for true justice.

For instance, rather than say "All lives matter!" which will elicit ad-hominems that you are racist, you ask a few questions e.g.

1. Do you care that inner-city kids can't choose to go to a good school?
2. Do you care that 75% of African Americans are raised in fatherless homes due to our bad welfare programs? This leads to gangs and violence.
3. Does it bother you that a white-run organization has funded and killed 36% of all African Americans before they had a chance to be born? (Yes, we are talking about Planned Parenthood).

You can see a description of this very effective tactic in this Breitbart News video: [Pro-Lifer on How He Got BLM Activists to Wear "All Black Lives Matter" Badges – Breitbart News \(newsvideo.su\)](https://www.breitbart.com/news/2021/04/20/pro-lifer-on-how-he-got-blm-activists-to-wear-all-black-lives-matter-badges/)

Go to [EBLM's web page](https://www.everyblm.org/) to find out the real reasons why the African American community is economically behind, and find out if racism caused their problems or if the government caused their problems. We need to deliver solutions. We need to help encourage and support all phases of black life, not exacerbate black plight!

EBLM will be working with legislators to change welfare, to stop it from rewarding the separation of fathers from their children, they will be pushing for school choice to save inner-city kids from failing schools. They will be working with corporations, to convince them that rather than sending money to BLM, they should send their business leaders to train our young black men to become entrepreneurs. They will be holding police training, City, Corporation, and Church training, teaching about the dangers of Critical Race Theory and the bankruptcy of "White Fragility", while teaching citizens how to fight for legislation that builds up the African American family rather than destroy it. But most of all, they will keep the plight of our inner-city youth and the grievous loss of life squarely on the shoulders of those who have created it, mayors and governors who push socialistic policies to keep their citizenry dependent. The website is www.EveryBLM.org. Spread the word.

Michigan Conservative Union (MCU)

Memberships are \$35 (online registration): <https://www.michiganconservativeunion.org/annualmembership>
Join MCU and learn your role in this noble struggle before the last best hope of earth slips away.

Michigan Conservative Union (founded in 1975 by Norman Hughes) is the oldest and largest effective grass roots conservative organization. We ran the Reagan campaign in Michigan, put into Michigan's Constitution a Tax Limitation Amendment (the Headlee Amendment), provided talent and support for the two Reagan Administrations, and led the grassroots campaign to pass Freedom To Work, Michigan's right-to-work laws, passing several key bills along the way.

In 2016 we operated an independent campaign, making a million contacts in support of President Trump – particularly reaching into the Reagan "Democrats" we worked so successfully in the past.

We have an annual Michigan conservative political action conference called the

"Michigan Conservative Union Action Summit" that networks and strategizes with Michigan's top conservative grass roots leaders, think tanks, academe, legislators, conservative business groups, etc. – the full perspective of the conservative movement from faith, life, tax limitation, 1st 2nd & 10th Amendment, business, labor, education, liberty, freedom, national defense and other conservatives.

We also sponsor the Upper Peninsula conservative political action summit in Marquette, MI.

We network, plan, strategize, and lay out an action plan for the future.

Election Integrity Fund (Janice Daniels (Communications Dir.))

The Election Integrity Fund group is a 503(c)4 non-partisan organization that was formed in September of 2020, in an effort to try to ensure free and fair elections in Michigan.

We actually did a yeoman's job of coordinating volunteers to work as poll challengers at eight different Absentee Ballot Counting Board polling locations across five counties: Genesee, Macomb, Oakland, Washtenaw and Wayne, for the November 3, 2020 elections. The results of that election process made it clear to us that we have many problems related to our elections in Michigan that need true citizen oversight.

We have received an incredible amount of interest in supporting our efforts, so we want to take this noble effort forward into future elections.

This year, at the Election Integrity Fund (EIF) organization, we are working diligently to set up processes and programs that we can offer to citizens like you and me, who are deeply concerned about ensuring transparency and trustworthiness

The Eastside Republican Club welcomes you! (Marie Hackleman (ERC Chair))

The ERC brings like-minded people together through monthly meetings on the eastside of Metropolitan Detroit, the third Tuesday of each month from September through May. Our meetings are free and open to the community.

As an independent club, we're committed to providing a forum for discussion and promotion of ideas consistent with conservative and republican principles.

We offer opportunities to learn and deepen our understanding of issues of local, state, and national importance through informative speakers, panels, elected leaders, candidates (partisan and non-partisan) and think-tank representatives, among others.

As a grassroots organization, we network with the Republican Party state, district, and county organizations, as well as other conservative committees, coalitions, clubs and individuals to effect conservative outcomes, candidates and policies.

ERC dues are only \$25 per household annually, or \$100 for a five-year membership (that's one year free!). Dues can be mailed to: Eastside Republican Club, PO Box 361025, Grosse Pointe Farms, MI 48236.

The ERC serves the eastside of Detroit, the five Grosse Pointes, Harper Woods, St. Clair Shores (northeastern Wayne County and southeastern Macomb County).

We've recently hosted: former State Senator Pat Colbeck; Dan Calabrese, editor of HermanCain.com; State Senator Ruth Johnson; Monica Palmer, Wayne County Board of Canvassers; and a small business owners' panel on the impact of the Governor's lockdown on their businesses and industries. Next up— Macomb County Prosecutor Peter Lucido addresses the Governor's nursing home policy scandal, April 20th. We welcome you to join us!

in all elections in Michigan ... and by extension, across this great country of ours.

If you agree to join the Election Integrity Fund organization, you will receive regular communications from us that will give all of us the tools that we need to accomplish our goal of supporting election integrity.

We are being asked often what people can do right now to advance the cause of election integrity. My answer is multi-faceted, as follows:

You can join our Team by going to <https://electionintegrityfund.org/> and clicking on the JOIN THE TEAM portal button found on the home page.

It would also be important for you to help us recruit volunteers to join the Election Integrity Fund by asking them to go to the same website and sign up.

As a general suggestion of what we all should be doing right now, we should all be calling our State House and Senate representative on a weekly basis to remind them that many of us are watching the votes that they take with regard to any and all bills

that are brought forward concerning election reform.

The phone number for your legislators can be found on this website:

<https://www.michigan.gov/som/0,4669,7-192--86050--,00.html>

You have to show a photo ID to board a plane or buy a beer. Surely protecting election integrity is at least as important.

Then, of course, it is critically important that we receive donations from everyone who can afford to send a donation. All of us within the Election Integrity Fund organization are willingly working as unpaid volunteers, at this time, because we know the importance of this work.

<https://electionintegrityfund.org/donate>

The funds that we receive are being used to purchase organizational materials and to support worthy causes that will build our strong presence within the community.

As an example, we have already made significant donations to Matthew DePerno, Esq, the attorney handling

the critically important legal issues surrounding the Antrim County forensic audit that could have statewide implications. You can make a donation to the Antrim County Legal Defense Fund through our donation portal.

And finally, please pray for the success of the Election Integrity Fund and pray for the success of this great experiment in self-government that we call the United States of America.

Thank you again for being a part of this great community of concerned Michigan citizens.

Take our "W12CDRC WANTS TO KNOW YOUR THOUGHTS" survey: <https://www.surveymonkey.com/r/ZCBHXDF>

Michigan Gun Owners was established in 2002 as a website and incorporated in 2003 with the mission to educate the public and encourage grass roots activism on a state-wide level through various outreach programs and a popular community forum on the internet. Michigan Gun Owners has become Michigan's fastest growing, grass roots gun rights advocacy organization.

• **Why Grass Roots?**

We, at MGO, feel that the best form of activism is done at the grass roots level. The first three words in our country's constitution are "We the people". In that spirit, a group of volunteers from all firearm disciplines gathered together and put aside their differences to work toward the common goal of protecting and restoring the firearm rights of law-abiding citizens in Michigan. We firmly believe in the power of a grass roots movement. Join our common voice and together, we will work to secure the rights of sportsmen, target shooters, self-defense advocates, collectors and firearm owners across the state of Michigan.

• **Aren't there other groups?**

Yes. There are some fine gun rights groups at both the state and national level. Michigan Gun Owners is dedicated to grass roots activism. And we have a partnership with those that support our goal to get more Michigan gun owners involved in the fight for our rights. While other approaches have their merits, we feel that the real power to effect positive change is with the voice of the average voter. When we win the average voter's support, it is a win for all gun owners

• **How do we reach the average voter?**

By having a presence. One person may offer a hunter's safety class to a local Boy Scout troop and someone else can offer a general safety class to a church group. Education and information are the key. Our members are varied in their skills and everyone contributes in their own way.

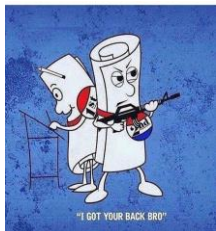

• **Do I have to be that involved to become a member?**

NO. We understand that with our busy lives it is not always possible to give time. Therefore, the option is yours. Whatever you can do will be appreciated. You could write a letter to the editor or keep a co-worker informed of the latest laws. Joining now helps us with our efforts, and when you have more time, you will always be welcome to help in whatever way you feel comfortable.

MISSION STATEMENT:

Michigan Gun Owners is a not-for-profit grass roots organization committed to educating the public on safe responsible gun ownership and preserving and defending the right to keep and bear arms as guaranteed by the Bill of Rights and Article I, section 6 of Michigan's Constitution.

This is the news you have been waiting for on the “2020 Unlock Michigan Petitions.”

In short: they have made progress on our petition verification process and things are looking GOOD! See details below.

In length: as you will recall, you joined us in submitting over 539,000 signatures in October 2020 to the Michigan Secretary of State. The petitions were signed by over 539,000 citizens that - when verified - will go to the Michigan Legislature to *overturn a law from 1945 that allowed Governor Whitmer to shut down our businesses, schools and way of life, with no accountability.*

Progress: It's taken much longer than it should have, but the Secretary of State's office has completed its initial review of the petitions.

This is hot off the Press from the Michigan Secretary of State's office **this morning** [Tue 3/23]:

According to our count, Unlock MI filed 82,739 sheets containing 538,345 signatures in total. Of these, approximately 400 sheets containing an estimated 2,000 signatures are excluded from the universe because the sheets are wholly invalid for such reasons as the circulator's failure to date his or her signature or mark the out-of-state checkbox, etc. This leaves roughly 82,300 sheets and 536,000 signatures in the universe.

Takeaway: You and your fellow petition circulators did an AMAZING job dotting your I's and crossing your T's, turning in an astonishingly high-quality submission. At this first stage of the process, only 0.37% of the signatures have been disqualified!

Next Steps: The Bureau of Elections will draw a sample of 500 signatures to validate one by one. Needless to say, the quality of your work is so high it's next to impossible for them to disqualify enough signatures for our initiative to fail. Then it's off to the Legislature, for a final vote in the House and the Senate.

This is certainly one of the days we've been waiting for, and kudos all around for today's good news, and for the good news to come.

What to expect from us: we PROMISE to keep you posted on developments. We have been watching this process closely and will continue to do so. **Please forward this email to a friend to encourage them.**

Thank you!

Rescue Michigan Responds to Senate Election Reform Plan (from RescueMichigan.com)

- Senate plan includes many important reforms, including components of our own plan, but also includes problematic elements
- Rescue Michigan invites feedback from grassroots leaders for further refinement

On Monday [03/22/2021], the Rescue Michigan Coalition released our Election Reform Plan as a public draft and invited you to [read the plan, which contains more than twelve major reforms to Michigan's election law in a single bill](#), and provide your comments.

Yesterday [Wed. 3/24], the Michigan Senate Republicans released *their* election reform plan, a package of 39 bills.

Because you won't find detailed coverage anywhere else, Rescue Michigan has broken down and analyzed the Senate's 39 bills in plain English.

Many of the bills in the Senate plan are excellent, including:

- * Voter ID requirements for absentee ballots;
- * A uniform signature verification policy;
- * Prohibiting private funding of public elections;
- * Allowing video recording of absentee ballot counting boards.

Other elements of the plan, including Senate Bill 300, which would create an "early election day" on the Saturday ten days before the regular election day, and Senate Bill 311, which would allow certain ballots to be cast electronically, are problematic.

[Read Rescue Michigan's complete analysis of the Senate election reform plan here.](#)

This illustrates why, in [releasing our own election reform plan](#), we released it as a public draft and invited you to submit your comments.

As we have repeatedly noted, it's critical before proceeding with a major election reform that we take every step to get the policy exactly right.

The Senate Republicans have put forth a strong opening bid with this package, but there are definitely wrinkles to iron out.

Rescue Michigan begins weekly [Editors note: began, Sat. 3/27, as of time of this Newsletter update release] live-streams on election reform, grassroots leadership, and building the organization necessary to restore freedom in Michigan in 2022.

It is an essential part of our mission is to empower grassroots organizations across the entire state of Michigan.

The Rescue Michigan Coalition is spearheading election reform in Michigan, and built the most powerful grassroots leadership tools available anywhere to empower every Michigan citizen to fight for liberty.

We can only do it with your support.

For Liberty,
Adam de Angeli

how to complete the form

1. candidate information

Print your information legibly. Provide a complete mailing address if you would like to receive mail at an alternate address.

2. additional information

A phone number, date of birth, email address, or website is not required, but recommended.

3. office sought/ballot information

If you are using a name not given at birth, you must complete the full former name field unless your name was

formally changed because of marriage or divorce or formally changed for any reason more than 10 years ago (see MCL 168.558 & 560b).

Print the jurisdiction and precinct number where you are registered to vote.

Print your name exactly as you wish it to appear on the ballot using upper and lower case letters. Michigan election law says that a candidate may use the following:

- first and middle name
- middle name only

- initials for first and/or middle name
- a name that is a recognized diminutive of given name
- common law name

Do not use a nickname or titles (e.g. Rev, PhD, etc.)

4. statements and attestation

Fill in the circle to indicate you meet the statutory and constitutional requirements for the office sought and are a citizen of the United States. Read, sign, and date the attestation. The affidavit is not complete until signed and notarized.
